

Hindu Import Export and International Trade Policy of KAILASA

Executive Order 10006 of August 14, 2020

By the authority vested in me as The Supreme Pontiff of Hinduism and the Head of State of KAILASA, The Living Representative of Paramashiva, by the Constitution and the laws of Sanatana Hindu Dharma as ordained by Paramashiva in Vedas and Agamas, it is hereby ordered as follows:

Section 1. Purpose.

The services offered by the Government of KAILASA, it's various departments and citizens have catered to the needs of all, not just Hindus worldwide. As late as 1000 CE, the Uniting Nations of KAILASA contributed to more than 33% of the world GDP.

In several countries there is a significant demand for Hindu goods, Hindu services and Hindu products. In most countries, such trade represents a significant share of gross domestic product.

Every Hindu product designed and revealed by Paramashiva in the Agamas was created by Paramashiva for imparting enlightenment and elevating consciousness. These Hindu products employ use of most ethical and non-violent resources. As per Hindu economic principles all economic resources that do not reduce upon sharing (like educational services) are offered for free, all economic resources that involve human survival (like food security and medical & health care) function on the basis of barter, only for all other economic activities Paramashiva allows use of currency. These economic principles of Paramshiva ensure and protect that quality and accessibility of education and survival resources are not disabled by distorted market practices. All Hindu products of KAILASA stand by these Hindu economic principles, transgressing ordinary material trade and impart direct benefits of positive life affirmative Hindu principles to the people and organizations in the entire supply chain.

The Hindu goods and services that were once internationally most demanded. In the 1700 CE Hindu economy KAILASA produced about 25% of world industrial output, and also accounted for 25% of the world trade. Hindu goods and services have seen a massive devaluation over the last thousands of years. The last few decades have seen a rise of counterfeit and adulterated goods, which has further caused a massive

depreciation in total value of the Hindu market. These counterfeit and adulterated goods have not only impacted livelihood of millions of indigenous craftsmen they have also caused a loss of Hindu cultural heritage, and Hindu cultural identity.

My administration and KAILASA is committed to revive these authentic Hindu industries. The GDP increase because of these policies of KAILASA would support and empower Hindu world wide, supporting livelihood of authentic craftsmen and businessmen.

My administration and KAILASA is committed to strengthening and promoting global import export of Hindu products, Hindu goods, Hindu services that support Hindu principles.

Sec. 2. Policy. I am issuing a national call to action to:

- (a) Department of Commerce in conjunction with the Hindu World Trade Center shall organize International Expo for Hindu Sacred and Fine Arts, showcasing one million Hindu products
