

Achieve Universal Health Coverage and Enlighten, Empower, Heal the World through Initiation into Nithya Spiritual Healing

Section. 1. Purpose. My administration and Kailasa is committed to create a disease-free and holistically healthy world, a reality, by empowering each Hindu to awaken the healing energy in them. Energy healing is a holistic, non-invasive therapy that treats the body-mind as an energetic continuum. Our ancestors have revealed through years of research and groundwork that any physical or mental disease is an indication that there is a blockage in the energy flow. Through initiation by an enlightened Master, the representative of Paramashiva, any practising Hindu can practice the science of healing as a Nithya Spiritual Healer and become an open channel for the healing spiritual vibrations of Paramashiva to flow through them.

Especially during these challenging times, when many people around the world are suffering from various curable and incurable diseases, our consolidated efforts have resulted in the healing of hundreds of thousands of people from diseases such as but not limited to terminal cancer, brain tumours, fibromyalgia, paralysis, migraine and insomnia. The Federal Government of Kailasa shall continue working towards its goal of bringing the science of Nithya Spiritual Healing to the world through initiated healers.
