

Protecting Vulnerable Mothers and Newborn with the empowering Science of eN-Pregnancy

By the authority vested in me as The Supreme Pontiff of Hinduism and the Head of State of KAILASA, The Living Representative of Paramashiva, by the Constitution and the laws of Sanatana Hindu Dharma as ordained by Paramashiva in Vedas and Agamas, it is hereby ordered as follows:

Section 1. Purpose. My administration and KAILASA recognizes the practice of conscious birthing with its benefits extending to the wellbeing of the parents and the infant. Every day in 2017, approximately 810 women died from preventable causes related to pregnancy and childbirth with an additional 1 million children dying each year due to complications of preterm birth. The Sovereign Order of Kailasa is committed to their obligations of reducing the number of premature infants or infants with disabilities, who are in need of immediate medical conditions and the number of women who die as a result of complications during and following pregnancy and childbirth through the eN-Pregnancy program.

In the Vedic times, conception and pregnancy was a conscious process that brought highly evolved souls to the planet. eN Pregnancy is the effort taken by the Kailasa administration in the revival of this Vedic science of creating a 'NewGen' of enlightened human beings. eN- Pregnancy empowers parents to be genetic engineers of their child, perceiving pregnancy as a conscious choice. Humanitarian initiatives such as the eN-Pregnancy enables psychological and emotional well being of the mother and the child through various Hindu techniques such as but not limited to include Nithya YogaSM, Nithya KriyaSM, Science of CompletionSM, Meditation, visualization techniques, mantra chanting and garbha samvaada (communing with the unborn child) which prepares the infants body with positive bio-memories which attract enlightened and intelligent soul at the time of delivery resulting in the newborn being born with extraordinary health, immunity, good weight and grow with high IQ (intelligence quotient), EQ (emotional quotient) and SQ (spiritual quotient). The Federal Government of Kailasa has also been working towards the goal of making the sacred science of conscious birthing from the Garbha Upanishad available to all practicing Hindus.

preterm birth rates and infertility rates, with pregnant mothers associated with clinical depression, with ADHD, Autism, autoimmune disorders, early onset hypertension, Diabetes mellitus, Coronary artery disease, depression on the rise in younger generations, KAILASA's Department of Health aims to prevent deaths and complications from preterm birth through various Hindu techniques This order will help to empower Hindu families who answer the call to open their hearts and homes to create the perfect receptacle for the ultimate landing of the intelligent soul. - starting with a healthy pregnancy
