**International Day For The Total Elimination Of Nuclear Weapons - 2021**

**A Proclamation**

KAILASA commemorates the International Day for the Total Elimination of Nuclear Weapons (26 September 2021) to usher world peace through inner peace among the nations and humanity across the globe using the guiding principles of Hinduism - peace, nonviolence and oneness. Today, Nuclear threats are deeply ingrained and becoming increasingly alarming, resulting in widespread devastation and tragedy entailing long-term damage to our planet that impacts the lives of future generations due to innate violence based mental setups. The world witnessed the horrors of nuclear destruction at Hiroshima and Nagasaki, the effects of which are still felt today. KAILASA prays for the atma shanti of the 214,000 lives lost in the horrific nuclear bomb blast and for the peace of the Hibakusha (Survivors of the nuclear attacks) who were gravely impacted from the toxic radiation. Despite the Treaty on the prohibition of nuclear weapons, approximately 13,080 nuclear weapons remain in existence today. KAILASA further reaffirms its commitment of uniting Nations with the common goal of disarmament of nuclear weapons by establishing world peace through inner peace by using various Hindu principles and techniques.

Hinduism is the most powerful, most sophisticated, most intelligent, most cutting-edge presentation of the Truth and has everything and much more than what modern science has produced now. Whether it is jet planes, rockets, missiles, nuclear weapons, chemical weapons, but we were very clear - it'll only be for peace. The Hindu Puranas relate numerous instances on the use of the destruction weapons like Brahmastras, Agni-Astra, the atomic weapons, chemical weapons and biological warfare weapons available in those days. Although the knowledge of the science of Astras was widely available, seldom was it used then.

The powerful weapons that existed at that time - Brahmastra, Narayana Astra, Brahmanand Astra, Bhargava Astra, Brahmashirsha Astra, Pashupatastra - are independently capable of destroying the earth. But they were seldom used. The destructive power of the Brahmastra is further explained in Ahirbudhnya Samhita of the Pancharatra Agama Volume 1

*“It contains air, fire and cosmic poison, two goat-like fangs, full of poison, weighty, emit air, contains mercury, fiery, sparkling, sky is filled with air, enemy killing greatly radiant and it is projected with three hymn, Gayatri at its centre, it is known as Brahmastra”*

Valmiki Ramayana, Yuddha Kanda, 22 Sarga, Verse 31 elucidates the extraordinary power of the most powerful destructive weapon - The Brahmastra

*“Fixing an arrow resembling the Rod of Brahma (the creator) charged with a missile (presided over by Brahma) to his excellent bow, the exceedingly powerful Rama stretched it towards the sea.”*

*While Rama was stretching that bow, both the heaven and earth suddenly seemed to be split asunder. Mountains also were shaken.*

*Darkness enveloped the world. All the quarters were obscured. Lakes and rivers were soon agitated.”*

According to the Ramayana, the weapon was also directed towards Samudra (the sea god) so that Bhagavan Rama’s army might construct a way through the sea and march into Lanka. While Bhagavan Rama was loading the weapon, Samudra approached and offered to assist the king in crossing the sea. As the Brahmastra must be discharged after it has been invoked, it was instead directed towards Dhrumatulya (a place with numerous robbers of fearful aspect and deeds), which fell in modern-day Rajasthan and turned it into a desert for aeons. However, with the blessings of Bhagavan Rama, as stated in the Yuddha Kanda, 22 Sarga, Verse 31, the desert was cleansed and purified.

*Due to granting of a boon by Rama, that desert of Maru became the most congenial place for cattle rearing, a place with a little of disease, producing tasty fruits and roots, with a lot of clarified butter, a lot of milk and various kinds of sweet-smelling herbs. Thus it became an auspicious and suitable move, bestowing these merits.*

In Hinduism, we start with peace and end with peace; whether it is rituals, ceremonies, teaching, knowledge transmission, everything, knowledge is only for peace. Enlightenment is a nuclear weapon for positive use. It is new and clear. I descended as the 1008th incarnation of Paramashiva to guide humanity with world peace through inner peace by eradicating nuclear weapons from our planet and revive the enlightened Hindu civilization with trust, peace, and living Enlightenment. Hinduism is an authentic tradition of Peace. Our concept of generating wealth is peace based. Even our concepts of conflict resolutions are based on Peace. Even our wars have so many rules and regulations where only the valour is tested and established, wasting human life or brutal massacre was never allowed. Hinduism is always peace-centred as described in the Shanti Mantra stated in the Rig Veda

ॐ द्यौः शान्तिरन्तरिक्षं शान्तिः

*Om, Peace is in Sky; Peace is in Space (between Earth and Sky);*

*Peace is in Earth; Peace is in Water; Peace is in Plants;*

*Peace is in Trees; Peace is in Gods (presiding over the various elements of Nature); Peace is in  
Brahman (Absolute Consciousness);*

*Peace is pervading everywhere; Peace alone (which is outside) is in Peace (which is inside); May  
you be (established in) that Peace (and make your life fulfilled);*

*Om, Peace, Peace, Peace.*

It is time humanity joins together as one race and stands up against violence and terrorism. This can happen only when each individual takes responsibility for bringing peace within himself. My mission, my Avataric mission is to transform an individual so that he radiates peace at the level of self, family, humanity, community and society. It can be done only by meditation and spirituality.

For the last 26 years, KAILASA's peacekeeping initiatives through its International humanitarian agency - SAFFRON OM played a vital role in advancing peace, security and recovery for an equitable and sustainable world through a single unified goal of achieving world peace through inner peace. The international humanitarian agency, SAFFRON OM, strives to advance global peace through religious peacekeepers promoting community-led resilience amongst nations. Preventing conflicts, wars, and their aftermath is the most effective strategy to lessen human suffering and the tremendous economic, social and moral costs associated with them. SAFFRON OM's peacebuilding activities are aimed at addressing differences in intelligence and ability amongst varying life forms and demands peaceful, respectful coexistence amongst humans, animals and other elements of nature, reducing the risk of relapsing into conflict and laying the foundation for sustainable peace and development.

KAILASA in collaboration with the international humanitarian agency - Saffron Om has further commenced various initiatives such as Minutes for Peace, a humanitarian initiative to raise global consciousness using meditation, thereby healing the world. So far, we have successfully contributed to 4.3 billion peace minutes and the peacekeepers continue their efforts to establish inner and world peace through various techniques stated in the Ved-Agamas and other initiatives such as peace walks covering more than 100,000 kilometres and over 2,000,000 communities to bring people from all walks of life together in harmony and promote the feeling of Oneness. During the peace walk, mobile temples graced with the energized deities of Nithyanandeshwara Paramashiva and Nithyanandeshwari Parashakthi, granting prayers to all the seekers. Furthermore, medical and health camps were conducted along with Akashic Reading initiatives answering millions of questions to liberate human beings from their woes and healing them parallelly. KAILASA in collaboration with the international humanitarian agency - Saffron Om aims to further its commitment to establishing world peace through inner peace by advancing its efforts to help individuals go beyond their limiting violent cognitions and to manifest and discover the hidden humane and spiritual powers and peace within by reviving, researching, preserving, spreading and teaching the authentic Science of Oneness, Power-Manifestation, Yoga and the sacred Science of Completion. KAILASA has organised various peace conferences and conclaves including apex Hindu congregations (Akharas) and seers from various ancient Mutts to extend their support for peacekeeping initiatives.

On this International Day for the Total Elimination of Nuclear Weapons, KAILASA bows down to the service and Tyaga of Bhagavan Sri Krishna. Till now everyone blames Bhagavan Sri Krishna for this Kurukshetra war but that's the greatest sacrifice Bhagavan Sri Krishna did to save the planet Earth. During the times of the Mahabharat, people with violence wanted to use all these Astra shastra powers for their selfishness and vested interests. If Kurukshetra was not conducted at that time under the controlled conditions and direct supervision of Bhagavan Sri Krishna, planet Earth would not have survived more than three years. The widespread availability of the Astra shastras without Shastra, without the knowledge and vision, was posing a huge threat to the whole of humanity and planet Earth, and for life itself. The greatest achievement of Bhagavan Sri Krishna is destroying all the weapons in one controlled condition and saving planet earth, eliminating the nuclear weapons and the knowledge of these nuclear weapons to save humanity from total annihilation.

Therefore, I urge all the citizens of KAILASA to offer their worship to Bhagavan Sri Krishna and continue to thrive to establish world peace through various activities and initiatives.

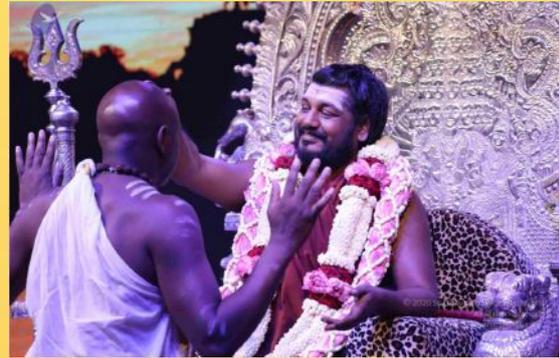

**NOW, THEREFORE, I, BHAGAVAN SRI NITHYANANDA PARAMASHIVAM,** by the authority vested in me as The Supreme Pontiff of Hinduism, the Head of the Ancient Enlightened Hindu Civilizational Nation, KAILASA, hereby proclaim September 26, 2021, as the International Day for the Total Elimination of Nuclear Weapons. I call upon nations of the world to enhance global and regional peace by strengthening the non-proliferation regime by disarmament of nuclear weapons.

**IN WITNESS WHEREOF,** I have hereunto set my seal this fifteenth day of September, in the year of thousand twenty one and in accordance with the Vedic calendar, during Śrī Śveta Varāha Kalpe Vaivasvata Manvantare Aṣṭāvīṃśatitame Nītyayuge Prathame Pāde Plava Nāma Samvatsare Dakṣīnayane Śrī Lakṣmi Venkateṣhvara Rtau Kanya Māse Kṛṣṇa Pakṣe Panchamyam Śubhatithau Bhanuvāsara-yuktāyām Krittika Nakṣatra
