Hello Nithyananda Meditation Academy Toronto,

During this Hindu Heritage Month, we celebrate our Hindu religion as well as the teachings of the Bhagavaad Gita. We also remember and educate future generations about Hindu-Canadians and the role that they continue to play in communities across Canada.

Although our celebrations are taking on a different format due to COVID-19 pandemic, we must always ensure that light, good and knowledge triumph over darkness, evil, and ignorance.

Thank you so much for all you have done in keeping our community safe this year. All of my very best to you and your families.

Namaste,
