## 'Paisa feko, tamasha dekho'

CID chief goes on Facebook and appeals to victims to come forward and depose against Swami Nithyananda. So far, no one has bothered to respond to his pokes

M K ASHOKA

Director General of Police (CID) D V Guruprasad is looking to Facebook for help in nailing Swami Nithyananda, kicking up a flurry of online activity in the process.

After Nithyananda's release on bail, DGP posted the following on the social networking site: "Swami Nithyananda got bail. In his complaint Shri Lenin accused the swami of rape, unnatural sex, criminal intimidation and hurting religious sentiments. Despite our best efforts, not a single victim has come to stating that the swami had unnatural sex with him/her or raped her. We got some emails from persons living abroad but they have not provided any evidence."

He also wrote, "Why can't you people motivate the 'victims' of swamiji to come out and give statements to us? So long as they keep quiet, what can the investigation do? The women in the tapes should depose that they were victimised. So far, this has not happened."

He also said that the probe into irregularities in funds was on.

The DGP's rather innovative methods has had comments coming thick and fast on Facebook, some filled with contempt, some sympathetic.

DGP D.V. Guruprasad

### SWAMI OR MINISTER?

Harsha Raju wrote that the Swami had gone on record to say that he was neither a man nor a swami. "The CID has no evidence against him, it seems. What is a video tape, then? If he was not guilty, why was he hiding then? I guess this is India. Same will be the case with Halappa (former BJP minister) — he will also come out on bail as no evidence will be found against him also. And people who call themselves his devotees will be happy — wow! Time to become a swami or a minister..."

### PAISA BOLTA HAI

Vishal Duggewadi was contemptuous about a corrupt system.

tem. "Paisa bolta hai India me, paisa feko tamasha dhekho, Everything happens for money. Pay millions in India and do anything, you will get bail. Or else have links with big ministers... hummm... I agree... India is great... someone said if you don't believe in God, come to India... only God can run this country."

However, the DGP's post did find some sympathetic Facebookers. Radhe Shyam said the bail was not unexpected. "It was question of when rather than whether. No wonder, public opinion has softened its stand on the swami's deeds. And if some sensational news surfaces, this swami will go free. Yes, the police are the victims of low conviction rates and all their efforts [will go in vain] with such judgments. But still, the police will have to work within the system."

Writing in a similar vein, Anita Mendonca Mathias said, "Let us work towards forming a better and less corrupt system."

The DGP also found a staunch supporter in Anoop S N who wrote, "This is happening because of us... not because of the money... not because of the police... not because of the system. We have developed this culture! We have no b\*\*\*\* to fight for justice and we blame the system for every-

thing. And so-called society, they will screw the lady who comes forward against the swami... And they might even worship the swami again."

Anoop backs Guruprasad to the hilt, saying, "Don't give up, sir... there is always hope... all this crap will go away when a generation awakes!" And then comes a word of advice for the top cop: "DGP CID, sir, pinpointing the issue will not work... you should try and restore faith in the police... only then will people desist from writing emails from a fake account. Facebook is a good step but caters to a small set of people. Only criminals should be scared of the police, not other people."

And then, surprise, surprise, Shweta Srinivas rooted for the swami: "You can never believe in denigoids... atleast they are also human... so no harm in them acting as one."

Guruprasad, for his part, said he had created the Facebook account to be "people-

ple-friendly".

"Whenever possible, I try to solve problems. The idea of this site is to make people aware of what we are doing at the CID and to take their help in solving the cases we are investigating."

Wherever we go and settle down, we  
are **intense and life positive**.

It is not accidental or coincidental.

It is **sincere intense hard work of our  
Vedic Rishis** that made us the richest,  
happiest and healthiest among the  
rest.

**Our very genes carry this.**

# WHY KAILASA - WE ARE RESPONSIBLE!

Our Rishis gave this value based,  
superconsciousness based lifestyle  
and civilization - we are responsible  
to pass this ecosystem, this great  
science of enlightenment to the next  
generation!

Anything we get from our ancestors  
as heritage, we don't have a right to  
destroy it. We are bound to keep it  
alive and pass it to the next  
generation.

# WHY KAILASA - TEMPLES ALONE ARE NOT ENOUGH

We, Hindus need to wake up and realise that temples alone are not enough to pass on the great science, great enlightenment ecosystem called Hinduism.

# WHY KAILASA - TEMPLES ALONE ARE NOT ENOUGH

Building temples is in our very breath.  
It is in our genes. We are a  
temple-based civilization. Temple  
building is great but that is not  
enough!

# WHY KAILASA

It is time, we should decide to preserve  
what we received from our ancestors  
and we revive whatever we lost last 1000  
years.

We also lost so much.

**WE CAN'T AFFORD TO LOSE ANY MORE.  
WE CAN'T AFFORD TO LOSE ANY MORE.  
WE CAN'T AFFORD TO LOSE ANY MORE.**

# WHY KAILASA

- where **Vedagamas** are constitution.
- Where **Dharmasatras** are jurisprudence.
- Where manusmriti and arthashastras are **Hindu Economic Principles**
- Where **Hindu Universities** acts as knowledge transmission units
- With **Hindu Libraries** acts as storehouse of the authentic knowledge repositories
- Promotion of **Hindu Compliance (Products, Services, Utilities & Professionals)**
- Preservation & Promotion of **Hindu Medicine**

According to AICTE, the ancient universities of India

**“The center had eight separate compounds, 10 temples, meditation halls, classrooms, lakes and parks. It had a nine-story library where monks meticulously copied books and documents so that individual scholars could have their own collections. It had dormitories for students, perhaps a first for an educational institution, housing 10,000 students in the university’s heyday and providing accommodations for 2,000 professors. Nalanda University attracted pupils and scholars from Korea, Japan, China, Tibet, Indonesia, Persia and Turkey. “**

**9 Million Manuscripts were burnt. The burning of the library continued for several months and 'smoke from the burning manuscripts hung for days like a dark pall over the low hills.'**

Culturally, medically, economically, socially, politically, in every field, the great Hindu heritage needs to be preserved, and whatever we lost needs to be revived.

It all needs to be made user-friendly and easily accessible and available to the world.

For all this large work, we need  
KAILASA nation.

Fortunately, by the Grace of  
Paramashiva, He Himself has already  
made it happen.

We are connecting all the lands we  
got and making it as the -  
United States of Kailasa.

Some countries have given us small pieces of land with autonomous status, and some with nominal sovereignty.

We are stitching it together to make it as United States of Kailasa  
Sincerely requesting all Hindus -  
Please wake up! It is time we build  
Hindu nation - Kailasa.

Hindus need to know this -  
**Kailasa needs to be built wherever you  
are, to keep Hinduism alive.**  
You can start becoming part of Kailasa  
Government wherever you are.

**Under Diginations -**

Actively supporting and promoting Kailasa  
on all digital platforms.

## **Under Legination -**

We can start registering micronations, religious organisations, Non profit, For profit, Hindu university, Hindu temple, Hindu monastery, Hindu gurukul and Hindu gaushala.

The goal is to register all these as legal bodies and making them functional by reaching out to the world.

Taking hinduism to the world.
